PROFILE

Early-career consultant with EU regulatory depth and a quantitative, multilingual toolkit. Recent work covers comparative EU regulatory analysis (AI Act, DSA, GDPR, CSRD, CSDDD, EUDR), multilateral governance advisory at the UN Global Compact, and EU-facing research and communication at Egmont in Brussels. Native French and Italian, C2 English and C1 German, with working Dutch for client-facing work across EU markets. Comfortable working between business, technology and regulation; runs analysis in R, Python, SQL, Power BI, SPSS and ATLAS.ti. Available from September 2026.

PROFESSIONAL EXPERIENCE

Policy & Advocacy Officer, Leadership & Governance (Int.)

Jun 2025 - Oct 2025

[United Nations Global Compact \(UNGC\), New York City, USA](#)

- Contributed to drafting the Gen AI for the Global Goals report (UNGC × Accenture); authored sections on responsible [GenAI deployment and SDG risk frameworks](#). The report went to C-suite private sector leaders at the UN General Assembly ("[AI and the SDGs: Operationalising technology for a sustainable future](#)", Compact Journal).
- Drafted policy briefs, analytical notes and concept notes on corporate governance and responsible business conduct for high-level multilateral events, the [UN Private Sector Forum](#), and [Dilemmas Forum](#) during UNGA High-Level Week.
- Assessed the feasibility and real-world applicability of proposed governance frameworks, flagged logic gaps, and recommended evidence-based improvements in structured written advice.
- Built monitoring and reporting processes in Power BI, standardised data quality, and created a centralised database to track departmental mandates.

Research & Communications (Int.)

Sep 2024 - Jan 2025

[Egmont, Royal Institute for International Relations, Brussels, Belgium](#)

- Researched and analysed EU and international regulatory frameworks and produced structured briefings for diplomats, parliamentarians and journalists.
- Coordinated analytical outputs across five institutional units and kept external communications and stakeholder materials consistent and policy-relevant.
- Proposed and launched a new podcast ([Global Affairs Unpacked](#)), which raised media placement by 4%.
- Started and restructured two LinkedIn newsletters and grew them to 6,095 ([European Affairs](#)) and 6,712 ([EU in the world](#)) subscribers.

Junior Researcher, Regulatory & Comparative Policy Analysis

Mar 2024 - Jul 2024

[University of Amsterdam, Responsible Business Conduct Lab \(RBC-Lab\), Amsterdam, NL](#)

- Delivered a comparative analysis of EU and international regulatory frameworks (CSRD, CSDDD, EUDR) across 10+ jurisdictions and designed a coding framework so the comparison could be reproduced.
- Applied qualitative and quantitative methods (SPSS, ATLAS.ti, Excel) to analyse compliance behaviour, governance structures and regulatory enforcement patterns, and turned the findings into [advisory briefs](#).

Accounts Receivable Analyst, Promoted Client Responsible

Oct 2023 - Mar 2025

[TKB, Amsterdam, NL](#)

- Managed multilingual B2B relationships across Dutch, Belgian, French, German, and Italian markets and produced monthly management reports and dashboards in Excel and CRM/ERP systems for senior management; supervised a small team across concurrent engagements and kept records accurate and audit-ready.
- Led a team of three on cross-functional account governance with zero missed client SLAs over 18 consecutive months.
